Dear RAO,

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

- *Warrants, subpoenas, or other requests for logs of internet traffic, its metadata, or other information generated through the use of Norwood Light and Broadband as an internet service provider from any person, agency, or other source made between May 1 2023 and May 1 2024. (Please exclude any self-requesters; i.e. a customer requesting a copy of their own internet traffic.)*

- *All communications between Norwood Light and Broadband and the requestors of this information.*

- *Note that I myself am not requesting any customer logs, nor do I believe such logs would be considered public records, except perhaps in the case of legally served warrants (I'm not sure about that one). In any case, I'd prefer at this time to not be provided with any actual logs of customers.*

This request is non-commercial in nature, and I kindly request that any fees which may be assessed pursuant to the Public Records Law be waived, as recommended by the Secretary of the Commonwealth. If this is not possible, please provide a reasonable estimate of the cost to fulfill this request.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing. Please provide these records in a digital format by email attachment sent to jon.gerhardson@gmail.com.

Thank you.

Sincerely,

Jonathan Gerhardson

Rich,

Respectfully I believe you are mistaken with regards to your Glomar response. This is not applicable to MGL c66 sec. 10. You must list all withheld documents, the specific exemptions under which you are withholding them in part or whole, and the reason the exemption is applicable.

In order to save everyone some extra paperwork, I will wait to file an appeal until 6 PM today.

Best,
Jonathan Gerhardson
